Follow us on:

Il bagno e la cucina sono spazi da vivere
in cui ognuno di noi compie i propri rituali,
è uno spazio da custodire e proteggere.
Spazi mentali, oltre che fisici.

The bathroom and kitchen are spaces to live,
in which each of us perform their rituals,
it is a space to guard and protect.
Mental spaces, as well as physical.

LA STORIA

Era il 1993 quando è cominciata l'esperienza Disegno Ceramica. Una storia che parte dal prodotto manufatto, certificato da una produzione realizzata sul territorio di uno dei più importanti poli industriali italiani della ceramica per il bagno: Civita Castellana.

Un'esperienza come quella che si vive quando si fa un viaggio in cui si incontrano vicende previste e impreviste: alle prime si è preparati, alle seconde si risponde con coraggio e con capacità di risolvere i problemi. Ma sia le une che le altre costruiscono l'esperienza.

Pensiamo e produciamo in costante connessione con quello che accade nel mercato e alle aziende del settore.

Oggi abbiamo un'esperienza che ci certifica come un'azienda matura, evoluta e innovativa. Siamo il tipico ma raffinato brand del design made in Italy in cui progetto, ricerca e produzione si esprimono nelle collezioni che proponiamo.

Valori che diventano la traduzione di quello che cerca il target oggi: sostenibilità, salute, utilità, durata senza rinunciare a un forte carattere espressivo e uno styling personale.

HISTORY

It was 1993 when Disegno Ceramica's experience began. A story that starts from the manufactured product, certified by a production realized on the territory of one of the most important Italian industrial poles of bathroom ceramics: Civita Castellana.

An experience like the one you have when you go on a journey in which you encounter expected and unexpected events: you are prepared for the former, and you respond to the latter with courage and the ability to solve problems.

But both the former and the latter build the experience. We think and produce in constant connection with what happens in the market and to companies in the sector.

Today we have an experience that certifies us as a mature, evolved and innovative company. We are the typical but refined brand of the made in Italy design in which project, research and production are expressed in the collections that we propose.

Values that become the translation of what the target is looking for today: sustainability, health, utility, durability without sacrificing a strong expressive character and a personal styling.

LA PRODUZIONE

THE PRODUCTION

IMPASTO

MIXTURE

La scelta delle materie prime è fondamentale al fine di ottenere un impasto che garantisca durabilità e qualità al prodotto finale. La nostra miscela nasce dal connubio tra caolini e argilla di prima scelta. Materiali legati al nostro territorio che da sempre ha favorito lo sviluppo della produzione ceramica.

The choice of raw materials is essential in order to obtain a mixture that guarantees durability and quality to the final product. Our blend is born from the combination of kaolins and first choice clay. Materials linked to our territory which has always favored the development of ceramic production.

COLAGGIO

CASTING

La miscela viene colata all'interno degli stampi dove rimane in posa per circa due ore con il fine di ottenere gli spessori desiderati.

The mixture is poured into the molds where it remains in place for about two hours in order to obtain the desired thickness.

RIFINITURA

FINISHING

I pezzi passano per una prima fase rifinitura effettuata a mano prima di essere spostati nel reparto di essiccazione

The pieces go through a first finishing phase which is carried out by hand before being moved to the drying area.

COLORE

COLOR

Il colore gioca un ruolo fondamentale e viene applicato ai prodotti in maniera manuale o meccanica sulla base delle caratteristiche del pezzo. L'ultimo investimento relativo al robot di spruzzo permette di ricoprire la superficie in maniera omogenea contenendo lo spreco della materia nel rispetto dell'ambiente.

Color plays a fundamental role and is applied to the products either manually or mechanically based on the characteristics of the piece. The latest investment related to the spraying robot allows to cover the surface in a homogeneous way, containing material waste in the respect of the environment.

COTTURA

FIRING

L'impianto Disegno Ceramica è dotato di un forno a tunnel che lavora a ciclo continuo e due forni intermittenti. La cottura dei prodotti è un passaggio affascinante, dopo il quale la materia ceramica di natura permeabile e fragile acquista una straordinaria resistenza, impermeabilità e durezza.

Disegno Ceramica's plant is equipped with a tunnel-kiln that works on a continuous cycle and two shuttle kilns. The firing of products is a fascinating step, after which the permeable and fragile nature of the ceramic material acquires an extraordinary resistance, impermeability and durability.

RETTIFICA

GRINDING

Ultima lavorazione che subiscono i nostri prodotti al fine di renderli precisi e idonei all'installazione.

Last process that our products undergo in order to make them precise and suitable for installation.

IMBALLO

PACKAGING

L'imballo permette ai nostri prodotti di arrivare integri ai nostri clienti. Il nuovo macchinario permette di avere un imballo perfettamente conforme al trasporto diminuendo l'utilizzo di plastica.

The packaging allows our products to arrive at our customers intact. The new machinery allows a packaging that is perfectly compliant with transport, reducing the use of plastic.

LE TECNOLOGIE WC/BIDET

THE TECHNOLOGY WC/BIDET

RIMLESS

RIMLESS

I vasi delle serie FOREVER, SKIP, TOUCH1 e LOOM sono "Rimless", ovvero senza brida. Privi del bordo attraverso il quale passa il risciacquo d'acqua, permettono una pulizia agevolata e quindi garanzia di maggior igiene. Non solo funzionale, la pulizia del design dona ai vasi rimless un effetto esteticamente superiore.

The wcs from the FOREVER, SKIP, TOUCH1 and LOOM ranges are "Rimless", that is without flushing rims. Without these rims, through which water passes for rinsing purposes, a facilitated cleaning is allowed and therefore a greater hygiene is guaranteed.

Not only functional, the clean design gives the rimless wcs a higher aesthetic effect.

SCARICO TRASLATO

ADJUSTABLE FLUSH

L'innovativo sistema di scarico traslato per i vasi FOREVER 55 (altezza 41 e 48 cm) e SKIP 55 consente attraverso un vaso filo muro, di utilizzare gli scarichi preesistenti senza intervenire con lavori di muratura per modificare il precedente impianto a terra.

Le curve di scarico in dotazione consentono grande flessibilità di utilizzo, garantendo di gestire al meglio situazioni di installazione, da un minimo di 80mm a un massimo di 280mm.

The innovative adjustable flush system present in the Forever 55 wc's (41 and 48cm height) and SKIP 55, being back to wall level, allows the use of existing drains without intervening with masonry work for the modification of any previous ground installations. The technical curves supplied, allow a great flexibility of use, ensuring the best installations, from a minimum of 80mm to a maximum of 280mm.

LA TECNOLOGIA PER LAVABI

THE TECHNOLOGY FOR BASIN

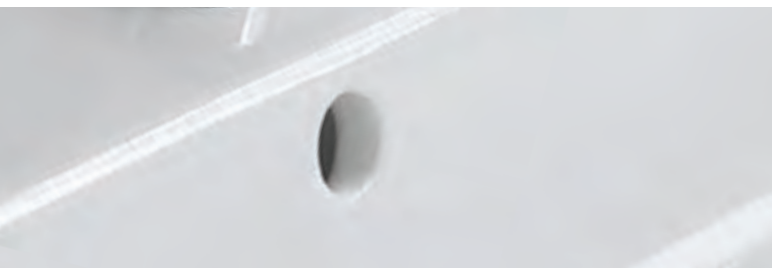

RETTIFICA

RECTIFICATION

La rettifica è una parte cruciale nella produzione delle console da incasso: operazione che permette di avere un lavabo che aderisce perfettamente alla superficie del mobile. L'operazione di taglio e rettifica viene realizzata ad acqua che viene recuperata e riutilizzata in un ciclo continuo per un minore impatto ambientale.

Grinding is a crucial part in the production of built-in consoles: an operation that allows you to have a washbasin that adheres perfectly to the surface of the furniture. The cutting and grinding operation is carried out by the use of water which is recovered and reused in a continuous cycle and with a lower environmental impact.

TROPPO PIENO

OVERFLOW

L'ampia conoscenza delle tecniche di lavorazione permette di realizzare lavabi con il foro del troppo pieno completamente smaltato così da evitare l'utilizzo di accessori di copertura come ghiera e tappi.

Extensive knowledge of production techniques allows the creation of washbasins with completely enamelled overflow holes so as to avoid the use of covering accessories such as ferrules and caps.

COLLEZIONI

COLLECTIONS

Spesso per progettare un bagno, definire quali siano le misure dei sanitari si rivela il primo passo da fare, che sia una ristrutturazione di un vecchio bagno, una nuova installazione o la semplice sostituzione dei sanitari. Bisogna per cui tenere presente la distanza minima tra i sanitari per effettuare gli impianti idonei. La serie FOREVER è disponibile in due diverse profondità 50 e 55 per consentire l'installazione in stanze da bagno grandi e piccole! Inoltre la FOREVER 48H l'abbiamo progettata per andare incontro alle esigenze della terza età o di chi ha delle disabilità, persone che hanno bisogno di un WC più alto.

Often in order to design a bathroom, the first step to define is that of the sanitary wares' sizes, be it a renovation of an old bathroom, a new installation or simply the replacement of the sanitary items. Therefore, a minimum distance between the sanitary fixtures must be kept in mind so as to carry out the correct installations. FOREVER is available in two different depths, allowing it's installation in large and small bathrooms! FOREVER is available in various sizes, allowing it's installation in large and small bathrooms! We have designed the FOREVER 48H to meet the needs of the elderly or for people with disabilities, who need a higher toilet.

Una forma archetipa e di grande impatto visivo. Un volume puro, senza fronzoli, che si distingue per l'eleganza e l'assolutezza della sua geometria. La perfezione della sfera si plasma e si trasforma in molteplici versioni di lavabi Sfera. Una linea scultorea, iconica e minimale per ambienti carismatici.

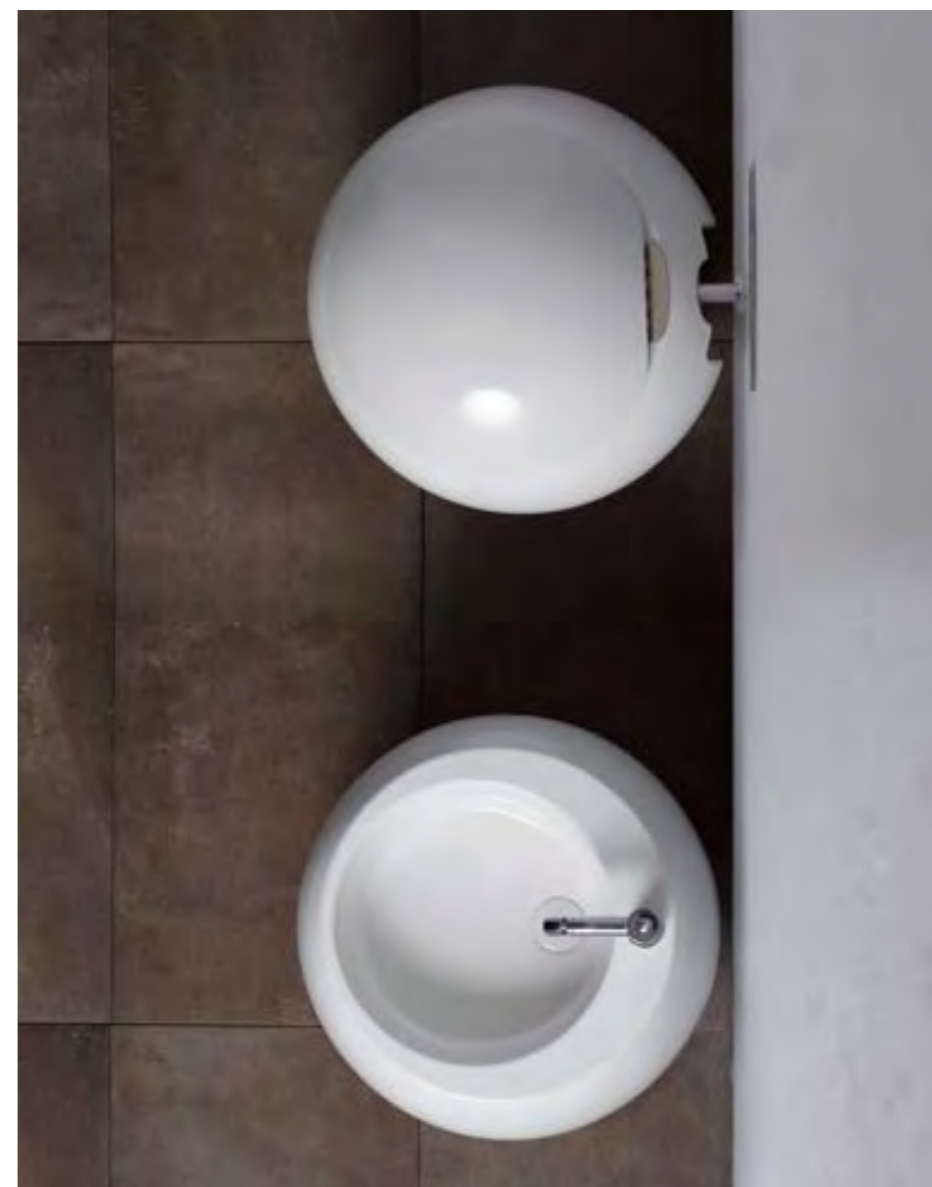

An archetype shape, of great visual impact. Pure volume without frills, that stands out in terms of elegant and absolute geometry. The perfection of the sphere is shaped and transformed in multiple versions of Sfera wash-basins. A sculptural, iconic and minimal line for charismatic environments.

Una serie di lavabi moderni, minimali dal caratteristico profilo sottile ed elegante. Qui le linee rette e curve si incontrano in una sintesi felice di tecnica e design.

A new serie of modern, minimal wash-basins characterised by the typical thin and elegant profile. In this line, the straight and curved lines meet in a pleasant union between technique and design.

Una serie alla quale la ricercatezza formale del taglio frontale inclinato dona eleganza e slancio. Una serie di lavabi importanti, anche grazie ai piani di appoggio laterali e alla varietà delle dimensioni, risposta ideale alle diverse esigenze di spazio e funzionalità.

A collection to which the formal refinement of the frontal sloped cut gives elegance and elan. A collection of important washbasins, also thanks to the lateral support surfaces and to the variety of dimensions, the perfect answer to the different needs of space and functionality.

FOREVER H3 è il piatto doccia dalla superficie antiscivolo, grazie a un innovativo smalto applicato in fase di cottura. Oltre a un risultato estetico eccellente e durevole in termini di brillantezza e piacevolezza al tatto, è più resistente a graffi e abrasioni, al deposito di sporco e calcare.

FOREVER H3 is the shower tray with a antislip surface, thanks to an innovative enamel applied directly during the firing phase. Apart from an excellent and lasting aesthetic result in terms of brilliance and pleasantness to the touch, this characteristic makes it more resistant to scratches, abrasions and to the deposit of dirt and limestone.

CERTIFICAZIONI

ISO 9001

Sistema Qualità

Certifica come Disegno Ceramica pianifica, attua, monitora e migliora sia i processi operativi che quelli di supporto, progettando e implementando il sistema di gestione qualità come mezzo per raggiungere gli obiettivi.

ISO 9001 Quality System

Certifies how Disegno Ceramica plans, implements, monitors and improves both operational and supporting processes, designing and implementing the quality management system as a means of achieving targets.

ISO 45001

Sistema di Gestione per la Salute e Sicurezza sul lavoro

Certifica come Disegno Ceramica fornisce posti di lavoro sicuri e salubri prevenendo infortuni sul lavoro e problemi di salute.

ISO 45001 Management System for Health and Safety at Work

Certifies how Disegno Ceramica provides safe and healthy workplaces by preventing occupational accidents and health problems.

ISO 14001

Sistema di Gestione Ambientale

Certifica che l'interna liena produttiva rispetta standard ambientali riguardanti inquinamento ed emissioni. Tale certificazione dimostra come Disegno Ceramica tiene sotto controllo gli impatti ambientali delle proprie attività e ne ricerca sistematicamente il miglioramento, in modo coerente, efficace e soprattutto sostenibile.

ISO 14001 Environmental Management System

It certifies that the entire production line respects environmental standards regarding pollution and emissions. This certification demonstrates that Disegno Ceramica keeps the environmental impact of its activities under control and systematically seeks to improve them in a coherent, effective and above all sustainable manner.

CERTIFICATION

CONDIZIONI GENERALI DI VENDITA

TERMS OF SALE

1. Non si accettano reclami trascorsi otto giorni dal ricevimento di quanto fornito. I reclami dovranno essere fatti per iscritto direttamente alla Sede della Disegno Ceramica s.r.l.
2. La merce è venduta franco stabilimento della Disegno Ceramica s.r.l. e la Società si riserva la facoltà di evadere un ordine in più consegne, secondo le effettive disponibilità di prodotto presso i propri magazzini. La merce viaggia, anche quando convenuta franco destino, a rischio e pericolo del cliente. La Disegno Ceramica s.r.l. è esonerata da qualsiasi responsabilità qualora al vettore non vengano contestate eventuali rotture o ammanchi a patto che il committente: **a)** apponga la dicitura "con riserva di controllo" sulla copia del DDT spettante al vettore e mittente; **b)** presenti reclamo per iscritto entro le 24 ore successive al ricevimento della merce.
3. Il termine di consegna ha valore indicativo e non impegnativo. Resta esclusa qualsiasi responsabilità della Disegno Ceramica s.r.l. per ritardi o mancata consegna qualsiasi sia la causa.
4. In caso di ritardo nel pagamento decorreranno gli interessi commerciali nella misura del saggio ufficiale di sconto aumentato di 8 punti. La Disegno Ceramica s.r.l. si riserva la facoltà di sospendere o annullare le forniture qualora i pagamenti non procedano nei termini stabiliti. Eventuali contestazioni di qualsiasi natura non conferiscono al committente la facoltà di sospendere i pagamenti in corso.
5. I prezzi indicati si intendono franco nostro stabilimento, imballo compreso ed IVA esclusa.
6. Per il colore viene applicata una maggiorazione del 40%
7. Pesi e misure sono da considerarsi indicativi e soggetti a variazioni. L'azienda si riserva di apportare modifiche tecniche e strutturali in qualsiasi momento. Rimane esclusa qualsiasi prestazione, indennizzo o risarcimento per danni diretti o indiretti che dovessero derivare dalla posa in opera del materiale difettoso.
8. L'azienda si riserva la facoltà di modificare o sospendere senza preavviso, la produzione di qualsiasi articolo indicato nel presente listino, per esigenze produttive.
9. Per qualsiasi controversia tra la Disegno Ceramica s.r.l. ed il committente, sarà sempre e solo competente il Foro di Viterbo.

1. Complaints shall not be accepted after eight days from the supply. Complaints shall be in writing and sent to the Office of the Disegno Ceramica s.r.l.
2. Products will be sold free to the Disegno Ceramica s.r.l. factory and the Company shall reserve the right to deliver the order in different shipments according to the relative availability of the products in its own warehouse. The goods will travel at the client's responsibility, also if they are delivered free to destination. The Disegno Ceramica s.r.l. shall be exempted from any responsibility unless a complaint of breakage or deficiency is raised to the carrier and provided that the client: a) has put the wording "with reserve of control" on the carrier's and client's copy of the documents of transport; b) presents written complaint within 24 hours from the receipt of goods.
3. The term of delivery shall be considered as a reference and not as a firm term. The Disegno Ceramica s.r.l. is exempted from any responsibility for any delay or nondelivery whatever the cause is.
4. In case of delay in payment, commercial interests shall be applied according to the official discount rate increased by 8 points. The Disegno Ceramica s.r.l. shall reserve the right to suspend or cancel the supply if payments are not made according to the terms agreed. Any complaint does not give the client the right to suspend the ongoing payments.
5. The prices listed are meant free to our factory, packaging included and VAT excluded.
6. For colour an additional cost of 40% is applied.
7. Weights and measures shall be considered as a reference and subject to variations. The company can carry out technical and structural modifications at any time. Any performance, compensation or claim for direct or indirect damages deriving from the laying of the faulty material are excluded.
8. The company can modify or suspend, without any notice, the production of any item in the price list for production reasons.
9. In case of controversy between the Disegno Ceramica s.r.l. and the client the only competent court shall be always the Court of Viterbo (Italy).
